Recommended Experiences

BACKSTAGE SICHUAN OPERA

Through interaction with folk Sichuan Opera artists, we had a special backstage visit, experienced Sichuan Opera firsthand, and interacted with the teachers.

We gained a deep understanding of the charm of this national-level art.

It was also the greatest support for the folk artists' persistent love.

STORY OF UNKNOWN PANDA GUARDIAN

In addition to the most beautiful lakes, Jiuzhaigou also boasts the oldest ethnic group in East Asia.

They are not Tibetans, but Baima people. Currently, their population is less than 16,000 nationwide. They have their own beliefs and stories, and they live in the buffer zone of the wild panda habitat.

By visiting their villages, we can understand their culture and experience the national-level key intangible cultural heritage that is about to disappear. This is the greatest support for the protection and inheritance of ancient ethnic culture.
